Independent Task

Column method

Calculate the following equations using the column method. Remember to estimate before you calculate!

Challenge: Can you work out which columns regrouping will occur in?

5481 + 2709 =	3753 + 5762 =	2553 + 6366 =
6428 + 2481 =	3672 + 4354 =	4807 + 2736 =
