

Combined Science - Biology - Key Stage 4

Kelly Chibale

Drug Production

Miss Todd

Independent Practice

Put the stages of drug development into the correct order.

Small trial on patients

Computer simulation

Large scale trial on patients

Trials on healthy people

Testing on cell cultures

Animal testing

Independent Practice

Fill in the gaps:

Mosquitoes are a _____ they carry the _____
but are not _____ themselves.

Independent Practice

1. How is malaria spread? (1)
2. What are antimalarial drugs used for? (2)
3. What pathogen causes malaria? (1)
