Numeracy: Position & Direction - Building Understanding

Lesson 1: Exploring position

Make it easier

- Use larger objects to stack or nest, you may find them easier to handle.
- Stack or nest objects that are the same shape.

Numeracy: Position & Direction - Building Understanding

Lesson 1: Exploring position

Make it harder

- Use different shaped objects
- Use small objects that may be more difficult to handle

Numeracy: Position & Direction - Building Understanding

Lesson 1: Exploring position

More ideas

- Whilst shopping, carefully explore which objects in your trolley can be placed on or in each other by nesting or stacking.
