

# Understanding that clocks have more than one scale

## Worksheet

Mathematics

Mrs Behan

# Independent task

Look at each clock face on the task sheet.

Work out and write down what the minute hand is showing by reading the minute scale.

Then work out and write down what the hour hand is showing using the numbers.

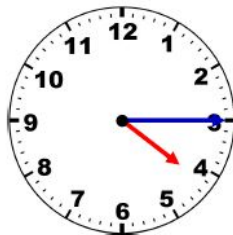

Use these two pieces of information to write the correct time in words.

Check your answer makes sense.

The minute hand indicates \_\_\_\_\_.  
The hour hand indicates between \_\_\_\_\_.  
Therefore, I know the time is \_\_\_\_\_.

---

The minute hand indicates \_\_\_\_\_.  
The hour hand indicates between \_\_\_\_\_.  
Therefore, I know the time is \_\_\_\_\_.

---

The minute hand indicates \_\_\_\_\_.  
The hour hand indicates between \_\_\_\_\_.  
Therefore, I know the time is \_\_\_\_\_.
