Why are producers so important?

Science

Miss Roberts

TASK

1. Create a fact file about a **producer**.

Rubber tree

_____

_____

_____

_____

_____

_____

_____

_____

Image from Unsplash

- **Key facts**

- **Where you can find it?**

- **Does it flower?**

- **How long does it live?**

- **How tall does it grow?**

- **Are there any organisms that use it has their habitat?**

Draw a plant in the sunshine with its roots in the soil. Then add the following labels:

Water

Sunlight

Takes in carbon dioxide

Minerals

Gives off oxygen

What would happen if we removed the leaves from a plant?
