Partitioning 2-digit numbers

Miss Hughes

Independent Task

Make 68 using a bead string and/or Dienes.

Partition 68 in as many different ways as you can.

Use place value charts, part-whole models and equations to represent how you have partitioned 68.

$$\square + \square = \square$$

Tens	Ones

Independent Task - Answers

Make 68 using a bead string and/or Dienes.

Partition 68 in as many different ways as you can.

Use place value charts, part-whole models and equations to represent how you have partitioned 68.

$$| 60 + 8 = | 68$$

$$| 10 + 58 = | 68$$

$$| 50 + 18 = | 68$$

$$| 0 + 68 = | 68$$

$$| 40 + 28 = | 68$$

$$| 30 + 38 = | 68$$

$$| 20 + 48 = | 68$$
