Adding Two 3-Digit Numbers (Regrouping in More Than One Column) Worksheet

Mathematics

Mrs Brinkworth

Part A
Use column addition to answer these
(Not all need column addition so look carefully)

313 + 254	373 + 458	422 + 275
468 + 356	276 + 335	534 + 267
212 + 366	586 + 217	378 + 256

Part B

1) What could the missing numbers here be?
   Are there more than than 1 possibility?

$$\begin{array}{r} \square\,4\,6 \\ +\,5\,0\,\square \\ \hline 1\,\square\,\square\,1 \end{array}$$

2) Check this answer carefully

$$\begin{array}{r} 4\,2\,6 \\ +\,3\,4\,7 \\ \hline 7\,6\,3 \end{array}$$
