# Independent task

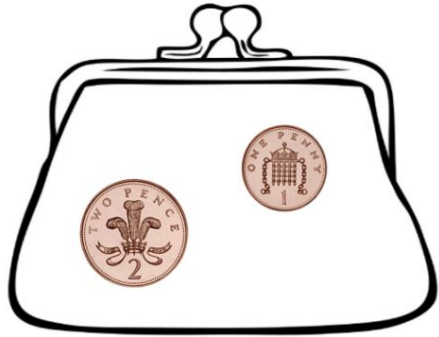

To identify the physical properties of coins

Mrs Bramble & Miss Sidhu

# Independent Task

How has this child sorted their coins? Why are some coins not in a purse?

The coins in the first purse are \_\_\_\_\_.

The coins in the second purse are

\_\_\_\_\_.

Two coins are not in the purse because

\_\_\_\_\_.

# Independent Task

Read what Finn is saying. Has he sorted his coins correctly? Why/why not?

I have put the heptagonal coins in one purse and the copper coins in the other purse.

# Answers

How has this child sorted their coins? Why are some coins not in a purse?

The coins in the first purse are copper.

The coins in the second purse are silver.

Two coins are not in the purse because they are silver and gold.

# Answers

Finn sorted his coins in shapes. The first purse has coins with straight sides and the second purse has coins with curved sides.
